

# Environmental Policy

---

Bougainville Copper Limited **[BCL]** is committed to protecting the environment in the region which it operates. BCL will comply with all relevant environmental laws and regulations and continually work to mitigate the impacts its activities and products may have on the environment.

BCL will engage with local communities and other stakeholders in the region in which it operates in order to manage and monitor its impact.

BCL promotes active partnerships at international, national, regional, and local levels, based on mutual commitment, trust, and openness. BCL relations with communities involves consultation through all stages from the project conception to closure.

BCL will apply a systematic approach to manage environmental impact in accordance with industry leading practice.

Compliance with BCL commitment to the environment is to be applied in conjunction with BCL's Code of Conduct.
